Accordingly, the Board of Directors of the Company (“**Board**”) has formulated this Code.

The objective of this Code is to ensure timely and adequate public disclosure of unpublished price sensitive information (“**UPSI**”), as defined and understood pursuant to Regulation 2(n) of the SEBI PIT Regulations which would impact the price of the company’s securities and to maintain the uniformity, transparency and fairness in dealing with all stakeholders and in ensuring adherence to applicable laws and regulations.

This Code may be modified by the Board of Directors from time to time to adopt best practices and to comply with the SEBI PIT Regulations. Chief Investor Relations Officer (“CIRO”)

The Chief Financial Officer of the Company shall act as the CIRO, who shall be responsible for and who shall deal with dissemination of information and disclosure of UPSI. “**Compliance Officer**” for the purpose of the SEBI PIT Regulations means the Company Secretary of the Company. In the absence of the Company Secretary, the Board may authorize such other officer of the Company to discharge the duties of Compliance Officer under the SEBI PIT Regulations.

Policy for Determination of Legitimate Purposes

In terms of the SEBI PIT Regulations, ‘Legitimate Purposes’ means and includes, *inter alia*, sharing of UPSI in the ordinary course of business by an insider with partners, collaborators, lenders, customers, suppliers, merchant bankers, legal advisors, auditors, credit rating agencies, insolvency professionals or other advisors or consultants, provided that such sharing has not been carried out to evade or circumvent the prohibitions of the SEBI PIT Regulations.

The assessment of whether sharing of UPSI for a particular instance would tantamount to Legitimate Purpose would depend on specific facts and circumstances of each case. As such, an exhaustive list of the events and circumstances that would always be considered ‘legitimate’ for sharing UPSI cannot be specified.

The Board may from time to time, on a case to case basis decide what constitutes legitimate purpose. For this purpose, this Code set outs principles and standards that should be considered while assessing if the purposes for which the UPSI is proposed to be shared is legitimate. Broadly, the following factors should be considered, to the extent applicable:

- (i) Whether sharing of UPSI is in ordinary course of business of the Company;
- (ii) Whether sharing of information is the best interest of the Company;
- (iii) Whether sharing is in furtherance of performance of duty or is for discharge of legal/statutory obligation/ compliance with regulatory or judicial order;

- (iv) Whether sharing is for genuine commercial purpose or for any other genuine or reasonable purpose as may be determined in line with the SEBI PIT Regulations
Provided that such sharing has not been carried out to evade or circumvent the prohibitions of the SEBI PIT Regulations. Further, while deciding if sharing of UPSI is in furtherance of legitimate purpose, due regard shall be given to the matters affecting the Company at the relevant time, and the information that is generally available about the Company at the relevant time. In case UPSI is proposed to be shared for several purposes, each such purpose should be evaluated on its merits, in line with the principles set out below.
- (v) The nature and extent of UPSI proposed to be shared should be subject to appropriate evaluation, and verification as to whether such sharing is commensurate with the objective sought to be achieved.

Any person having UPSI pursuant to a legitimate purpose shall be treated as an Insider for the purpose of this Code and due notice shall be given to that person to maintain confidentiality of such UPSI in compliance with the SEBI PIT Regulations.

Illustratively, legitimate purpose shall ordinarily include, but not be restricted to, the information relating to:

- (i) Sharing with the statutory auditors for the purpose of audit;
- (ii) Sharing with lenders or bankers for the purpose of availing loan;
- (iii) Sharing of project related information with suppliers for specific requirement relating to that particular project/ business transaction;
